

Suleiman Kaldine

Johannesburg, Gauteng, South Africa

PROFESSIONAL SUMMARY

Results-Oriented Team Leader & Full-Stack Developer A highly motivated leader with 4 years of experience in retail and client-service environments, specializing in **energizing people** and **owning delivery**. Proven track record of **simplifying complex tasks** and intimately understanding client needs to provide world-class solutions. Recently achieved a **92% distinction** in Full-Stack Development (NQF Level 5) and currently enhancing leadership competencies through a **Higher Certificate in Business Management at iQ Academy**. I am a curious, continuous learner dedicated to driving innovation and building high-performing, cohesive teams.

SKILLS & PROFESSIONAL COMPETENCIES

Technical literacy

- **Numerical & Deductive Reasoning:** Skilled at processing information quickly and accurately to solve complex problems and adapt to new environments.
- **Critical Thinking & Logic:** Expert at breaking down information into easy-to-understand points to reach the correct deduction.
- **Strategic Team Management (Energise People):** Proven ability to lead and motivate teams by recognizing individual contributions and showing empathy.
- **Operational Ownership (Own Delivery):** Focused on raising the bar by planning carefully and taking full responsibility for long-term results.
- **Simplicity & Communication:** Skilled at simplifying complex technical information and communicating a "consistent message" adapted to the audience

PROFESSIONAL EXPERIENCE

Job title	Retail Supervisor
Company name	Sweetmart Cash & Carry
Date started & ended	April 2025 – Present

Main responsibilities	• Energize People: Led the team to achieve high-performance targets by recognizing individual contributions and celebrating successes. • Client First: Improved service efficiency by resolving complex client requests and investigating service issues promptly to ensure an exceptional end-to-end experience. • Own Delivery: Took full ownership of daily operational objectives, planning tasks carefully to raise the bar for team productivity and accuracy. • Simplify and Make it Easy: Communicated consistent messages and simplified complex store procedures to ensure team clarity.
-----------------------	---

Job title	Hygiene Supervisor
Company name	G-Con(Rahima Moosa)
Date started & ended	April 2022 – March 2025
Main responsibilities	• Own Delivery: Optimized logistics workflows by planning carefully and implementing efficient standards that exceeded objectives. • Lead with the 'Why': Communicated clear context and shared purpose to the team to ensure individual tasks contributed to the larger goal. • Act, Learn and Adapt: Purposefully implemented plans with speed and agility, maintaining composure and focusing on solutions during setbacks. • Earn and Extend Trust: Consistently held self and team accountable to the utmost ethical standards and treated everyone with fairness and respect.

KEY TECHNICAL PROJECTS

- **Innovation Mindset:** Designed and developed a full-stack job search platform from scratch, embracing "out-of-the-box thinking" to solve recruitment friction.
- **Simplify and Make it Easy:** Built a user-friendly interface that simplifies complex job-searching tasks, ensuring a consistent and easy-to-understand experience.
- **Own Delivery:** Managed the end-to-end development process, from backend logic to cloud deployment, demonstrating the ability to "act like an owner".
- **Critical Thinking:** Applied advanced numerical and inductive reasoning to process data accurately and draw evidence-based conclusions.
